My Prayer for 2017

Move:

Father, I pray that you would **move me from where I am**; move me from a place of complacency and small faith. Move me out to a place of expectancy and ever-increasing faith.

Father, **move in me** that I may hear your voice more clearly and respond more consistently. Create a confidence and ease in me so I am pliable in your hands.

Father, **move through me**. Give me courage to follow your leading to serve, give, follow and love as you do.

I am confident that you hear me; I am open to your leading; I am committed to follow you with reckless abandon to the place of blessing and peace. In Jesus' name,

Where has God moved me?

Where has God moved in me?

Where has God moved through me?

Where am I trusting God to move in my life today?
