

The natural and supernatural. Genesis 2:7

God's Original Design

What happens when I try but feel stuck? Romans 7:18-25

The enemy can gain a foothold (stronghold) when we believe his lie. Ephesians 4:26-27; Genesis 3:1-11

The nature of the lie: John 10:10

- Distorts
- Deceives
- Blinds

Supernatural problem needs a supernatural solution.

Truth sets us free. John 14:6; John 8:32; Romans 6:15-23

Truth confronts the deficit.

- Love
- Understanding (truth)

My Action

- Reveal: where have I believed a lie against God
- Confess it:
- Break it: with the authority of Jesus
- Replace: the enemy's foothold with God's love and truth.

My Prayer for 2017

Move:

Father, I pray that you would move me from where I am; move me from a place of complacency and small faith. Move me out to a place of expectancy and ever-increasing faith.

Father, move in me that I may hear your voice more clearly and respond more consistently. Create a confidence and ease in me so I am pliable in your hands.

Father, move through me. Give me courage to follow your leading to serve, give, follow and love as you do.

I am confident that you hear me; I am open to your leading; I am committed to follow you with reckless abandon to the place of blessing and peace.

In Jesus' name,

Amen
