## ***My Prayer for 2017***

### **Move:**

Father, I pray that you would move me from where I am; move me from a place of complacency and small faith. Move me out to a place of expectancy and ever-increasing faith.

Father, move in me that I may hear your voice more clearly and respond more consistently. Create a confidence and ease in me so I am pliable in your hands.

Father, move through me. Give me courage to follow your leading to serve, give, follow and love as you do.

I am confident that you hear me; I am open to your leading; I am committed to follow you with reckless abandon to the place of blessing and peace.

In Jesus' name,

Amen
